LOGO USAGE

CONTROL AREA

Do not crowd the logo or place other elements inside of the control area. The control area measurement ("x") is equal to the height of the "H" in HiTouch.

MINIMUM SIZE

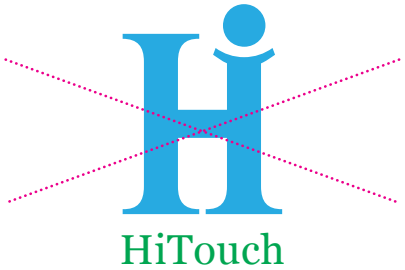
To ensure legibility, when reproduced at minimum size, full length of the logo should be at least .50" wide. Examples are not actual size.

MISUSE

The logo should only be used according to the guidelines established in this document.
Do not:

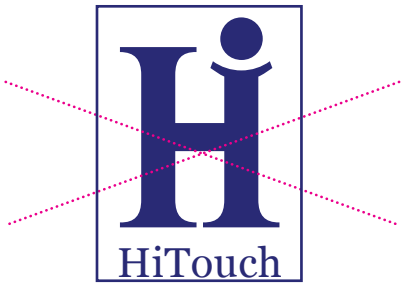
Use unapproved layouts

Use unapproved colors



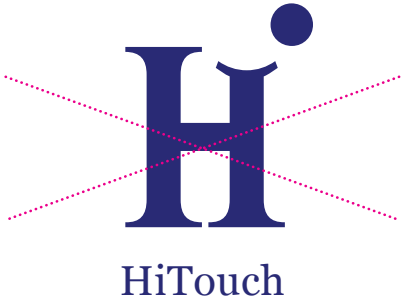
Stretch or condense

Add elements within control area



Use unapproved fonts

Separate elements or use incomplete mark



TYPOGRAPHY
